

IHC2014 Program – Tuesday 19 August 2014

Time/Room	GH	M1	M2	M3	M4	P1	P2	P3&4	P5	P6	P7	P8	P9	P10	P11	PA	BA	B1	B2	B3	S1	A2	Exhibition (posters)
0830-0915	Plenary 3: Joanne Jamie																						
0915-1000	Plenary 4: Tony Worsley																						
1000 -1030	Morning Tea											Morning Tea											
1030-1045	SYM33: Sustainable Management in the Urban Forest I	SYM3: Enhancing Food Security in Developing Countries		SYM23: Applied Genomics	SYM8: Canopy Productivity & Fruit Quality	SYM35: Sustainable Cropping Systems	SYM36: Host Reaction to Biotic & Abiotic Stress	SYM34: Postharvest & Product Development	SYM30: Horticultural Crop Production with Transformed Organic Wastes	SYM17: Application Development	SYM20: Training Students & Growers	SYM21: Cooperatives & Alliances	SYM14: Designing Production Systems for High Value Vegetables - Production	WOCMAP S1: Production, Phytochemical Studies & QC of MAPs	SYM43: Producing Natural Substances, Edible & Essential Oils	SYM24: Control of Plant Interaction with the Environment	SYM15: Production Technology	SYM18: Integrated Disease Management	SYM1: Breeding & Biofortification for Human Health	SYM12: Sustainability: Not Just a Buzzword for Grant Proposals!		Digital Posters: SYM4 SYM13 SYM26 SYM28 SYM22 SYM11 SYM19	
1045-1100																							
1100-1115																							
1115-1130																							
1130-1145																							
1145-1200				SYM23: Germplasm Enhancement/ New Crops																			
1200-1215																							
1215-1230																							
1230-1330	Lunch											Lunch											
1330-1345	SYM33: Sustainable Management in the Urban Forest II	SYM3: Enhancing Food Security in Developing Countries		SYM23: Germplasm Enhancement/ New Crops	SYM8: Canopy Productivity & Fruit Quality - Architecture & Manipulation	SYM35: Biotechnology, Breeding & Genetics	SYM36: Crop Improvement for Host Reaction & Quality		SYM30: Soil Amendment with Organic Wastes	SYM17: Application Development	SYM20: Horticultural Education into the Future	SYM21: Value Chains in the Transitional Economies	SYM14: Integrating Production Methods for High Value Vegetables	WOCMAP S2: Miscellaneous Activity and Essential Oils	SYM43: Essential Oils & Plant Extracts for Sustainable Horticulture	SYM24: GMOs in Horticulture	SYM15: Production Technology & Propagation	SYM18: Biological Control of Pests & Diseases	SYM1: Pre-Harvest & Postharvest Factors Affecting Phytonutrient Content	SYM12: Sustainability: Not Just a Buzzword for Grant Proposals!	ISHS Executive Meeting	Digital Posters: SYM44 SYM30 SYM26 SYM28 SYM22 SYM19	
1345-1400																							
1400-1415																							
1415-1430																							
1430-1445																							
1445-1500				SYM23: Pest & Disease Resistance Breeding																			
1500-1515																							
1515-1530																							
1530-1600	Afternoon Tea											Afternoon Tea											
1600-1615	SYM33: Sustainable Management in the Urban Forest III	SYM3: Adaptations to Climate Change in Developing Countries		SYM23: Pest & Disease Resistance Breeding	SYM8: Plant Growth & Development	SYM35: Biotechnology, Breeding & Genetics	SYM36: New Cultivars for Farmers & Consumer			SYM17: Roundtable Discussion & Company Corner	SYM20: Horticultural Training Around the World	SYM21: Risk Management		WOCMAP S3	SYM24: GMOs in Horticulture	SYM15: Economics & Marketing	SYM18: General Plant Protection 2	SYM1: FAV & Cancer Prevention	SYM12: Sustainability: Not Just a Buzzword for Grant Proposals!		Digital Posters: SYM34 SYM26 SYM22 SYM19		
1615-1630																							
1630-1645																							
1645-1700																							
1710-1840		Workshop 11: Horticulture Technology & Innovation: Regional Models for Research & Development	Business Meeting: Plant Genetic Resources	Business Meeting: Citrus	Workshop 18: A Glimpse of GLMMIX (with a peak at R) for Use in Horticulture Research	Workshop: Bananas	Business Meeting: Papaya	Business Meeting: Sustainability Through Integrated & Organic Horticulture	Business Meeting: Education, Training & Consultancy		Workshop 12: International Competitiveness of Horticultural Production Systems: the agri benchmark Horticulture Network	Business Meeting: ICMAP	Business Meeting: Molecular Biology & In Vitro Culture	Workshop 15: Reproductive Biology & Genetic Control of Invasive Ornamental Plants	Business Meeting: Plant Protection	Business Meeting: Vine & Berry Fruits		Digital Posters: SYM33
